As of 02/19/14
### AOA ICD-10 RESOURCE HIGHLIGHTS

#### Articles in AOA publications
Frequent short bursts of information on First Look and other [AOA publications](#).

#### Articles currently available online include:
- For ICD-10, electronic health records are the answer
- New CMS-1500 claim forms are available—and soon required.

#### Paraoptometric Education Modules
The AOA Paraoptometric Resource Center (PRC) offers many opportunities for certified paraoptometric coders (CPOC) to earn the continuing education credits (CECs) required for re-certification. The CPOC is required to provide, every three years, proof of nine hours of CECs.

**Article Archive:** *(AOA log-in required)*
- Basics in Billing and Coding
- Electronic Health Records in the Optometric Practice.

#### Presentation at Optometry’s Meeting
*One-hour presentation at [Optometry’s Meeting 2014](#), Thursday June 26th from 1:00-2:00pm EST*

#### Other resources available
- [International Classification of Diseases, Tenth Revision, Clinical Modification (ICD-10-CM)](https://cdc.gov) (CDC.GOV)
